EDUCATION

YEREVAN STATE UNIVERSITY
2019 - 2023

- Applied statistics and data science (bachelor's degree)

LANGUAGES

- Armenian (fluent)
- Russian (fluent)
- English (intermediate)

PROFILE

I am a dedicated Software Engineer with over 2 years of hands-on experience in designing and developing responsive and user-friendly web applications. Proficient in utilizing modern web technologies such as ReactJS, NodeJS, and ExpressJS, I have successfully contributed to the development of projects ranging from small-scale prototypes to large-scale applications. I am hard-working, organized, responsible, and motivated individual, eager to embrace new technologies and challenges.

WORK EXPERIENCE

TidePoolLabs

React Developer | MDsave | June 2023 - Present:

- Spearheaded the development of key frontend components for MDsave's online healthcare marketplace, focusing on enhancing the overall user experience.
- Collaborated with the design team to implement responsive UI/UX designs, ensuring seamless interaction across devices.
- Worked closely with backend developers to ensure smooth integration of APIs, leading to improved functionality and user satisfaction.

TidePoolLabs

FullStack Developer | PeerTree | November 2022 - June 2023:

- Contributed to the development of a knowledge-sharing platform by building user-friendly interfaces and enhancing backend functionality with NodeJS.
- Gained practical experience in full-stack development, focusing on performance optimization and accessibility.
- Participated in code reviews and collaborated with senior developers, gaining insights into industry-standard practices.

TidePoolLabs

React Developer | Crio | June 2022 - November 2022:

- Contributed to the development of a dynamic web application as part of a small, agile team focused on delivering a high-quality user experience.
- Participated in code reviews and sprint planning, fostering a collaborative environment and ensuring alignment with project goals.
